ABSTRACT

This curriculum guide for furniture renovation (refinishing and reupholstering) is one of four guides developed to aid in setting up either Code 30 or adult vocational programs in the home furnishings service area. Introductory materials include information on the project that developed the curriculum (purpose and procedure) and survey materials from the project (letter, instruction sheet, information sheet, and tasks list for furniture renovating, reupholstering, and refinishing). Suggested curriculum guides are then provided for refinishing furniture and for reupholstering furniture. The competencies to be achieved are listed first. The curriculum guide in a chart format follows. In this chart tasks are coordinated with objectives and related learning activities, resources, and evaluations. A bibliography is also included. (YLB)

Final Report of Project No. 04-417-150-312

Curriculum Development for Code 30 Programs in Home Furnishings Services Dec. 15, 1981 - June 30, 1982

The project was funded through Research Turnback Monies under Vocational Education Act, Section 131.

0

The project was cooperatively conducted by Wisconsin Board of Vocational, Technical and Adult Education and Madison Area Technical College staff. Other districts participating were: Blackhawk Technical Institute, Southwest Wisconsin Technical Institute, Waukesha County Technical Institute and Fox Valley Technical Institute.

Carol Swiggum
Project Director

 \mathfrak{F}

FORWARD

This publication is one of four suggested curriculum guides, developed to aid the setting up of either Code 30 or adult vocational programs in the designated Home Furnishings areas: Window Treatment and Rod Installations, Slipcover Construction, Furniture Renovation (Refinishing and Reupholstering) and Entrepreneurship.

With each curriculum guide, there is a separate Resource Book containing illustrative and informative materials for teaching. The word RESOURCE is identified in all capital letters in the curriculum guide. Pages are listed.

In the curriculum guide, the word RESOURCE is identified in capital letters, and the pages from the Resource Book are listed. These materials may be reprinted for classroom use.

PURPOSE OF THE PROJECT

Present Status of Programs.

In some districts the Home Furnishings Services one-year programs are having difficulty attracting sufficient enrollment to continue on a cost effective basis. These district advisory committees have indicated the need for restructuring curriculum into shorter, more intensified Code 30 programs to fill the occupational needs following the discontinuance of the Home Furnishings Service Program.

Purpose and Intent.

Purpose of this project was to develop short-term Home Furnishings Skills Program Curriculum. The implementation of the curriculum will train workers in the following Home Furnishings related occupations: Drapery Maker, Slipcover Maker, and Furniture Renovator.

There is a declared need by industry for skilled workers to be employed as Drapery Makers, Slipcover Makers and Furniture Renovators in the home furnishing and interior design industry. The skilled workers may be employed in workrooms of business operations, i.e. drapery shops, upholstery shops or they may be involved in entrepreneurship. The latter training could enable the displaced homemaker, the mother or father in the family, or the single parent to operate a small business and also enable one to care for the family.

The development of curriculum guides will aid any district state-wide in setting up either Code 30 or adult vocational programs in designated areas. Suggested titles for these Code 30 programs are Slipcovering Occupation, Furniture Restoration Occupation and Window Treatment Occupation.

l

PROCEDURE FOR CURRICULUM DEVELOPMENT

1. Wisconsin State Board Home Economics Consultant contacted staff from various districts to assist in the development of the curriculum.

A project director was chosen as were curriculum writers in the following areas.

Furniture Renovation (Refinishing & Reupholstery)

Slipcover Construction

Window Treatments

Rod Installation

Entrepreneurship

- 2. Lists of employers and past graduates were obtained from the four participating districts.
- 3. The project director compiled three separate questionnaire surveys of performance tasks related to the areas: Furniture Renovating (Reupholstery and Refinishing); Drapery Construction and Window Treatments (including rod installation); and Slipcover Construction. All three questionnaires contained tasks associated with Entrepreneurship. The questionnaire was patterned after the Iowa's "Identification of Tasks in Home Economics Related Occupations."

Each survey contained a checklist of tasks indicating the tasks performed in a particular job and the frequency of performance. A general information sheet was included to learn the characteristics of people involved in these occupations. Space was provided for respondents to list additional job tasks they performed. Refer to pages 4-10.

4. The number of questionnaire surveys sent out and the number returned is given below:

	Sent Out	Returned
Window Treatments (including rod installation)	26	ġ ^
Furniture Renovation	30	` 8
Slipcover Construction	· 7 ·	. 2

Since this is a developing area, the number of participants to be surveyed was limited.

The rate of return of surveys appeared to be related to present status of economy, particularly in some districts.

 $\boldsymbol{\vartheta}$

5. The data findings of the surveys returned is recorded on the survey on pages 7-10. It states the number of respondents that performed a particular task daily, once a week, once a month, once a year, or never.

The data findings showed a trend for workers in these home furnishings areas to be largely of the over 35 age group. The individuals engaged in these occupations were self-employed or worked with less than two employees. A large percentage had received their training at adult education classes or vocational school.

The tanks performed by the individuals depended on the size of the business. In a smaller business (under three workers), the employee or self-employed person performed all the tasks of construction. In a larger business (10 or more workers), the employee did particular jobs such as cutter, sewer, etc.; but some moved around and performed different jobs at various times.

Construction tasks were most frequently performed by the self-employed and employee of the larger business.

Routine business tasks were performed by the self-employed, the boss or by a person specifically assigned to only that aspect.

- 6. Consultants, co-ordinators, project director, and instructors working on the project collected resource materials from educational institutions and other sources. The materials were distributed to the designated curriculum writers.
- 7. A format for the curriculum was developed. There were three columns. In the first column the tasks a worker in the particular occupation would need to perform were stated. The tasks stated on survey questionnaire were to be used as a guide.

In the second column, the learnings the worker must comprehend in order to perform the task were stated.

The last column was to be comprised of learning activities and resources that the teacher or student would do to provide learning or to learn the task. Resources in the form of illustrative and informative guide sheets would be listed here, and included in a separate resource book.

- 8. A separate bibliography would be at the end of the curriculum guide. It was to include the title, author, publisher (address), cost and synopsis of the resource.
- 9. A time frame was developed.
- 10. The project director met with individual curriculum writers. One meeting of all consultants, co-ordinators and curriculum writers was scheduled to review the suggested curriculum guides.

MADISON AREA TECHNICAL COLLEGE

211 NORTH CARROLL STREET, MADISON, WISCONSIN 53703

NORMAN P. MITBY District Director

January 22 r 1982

Dear'

The Wisconsin Board of Vocational, Technical and Adult Education has approved a project for Madison Area Technical College to develop curriculum in some of the specialized areas in the Home Furnishings Services one year diploma program. The project will be cooperatively conducted by Madison Area Technical College staff and the Wisconsin Board of Vocational, Technical and Adult Education. Other district schools participating are: Blackhawk Technical Institute, Southwest Wisconsin Technical Institute, Waukesha County Technical Institute, and Fox Valley Technical Institute.

This project has been recommended by advisory committees to the Home Furnishings Services programs throughout the state. There are indications that individuals going into business or employment in these fields need more in-depth training in slip-covers, upholstery, furniture refinishing and restoration, draperies, window treatments and installation.

Some tasks for these jobs have been identified through research studies. We need your assistance to help verify these tasks so that the curriculum which is developed is relevant and meets today's training needs.

We would appreciate your completing the questionnaire and supplying additional suggestions and recommendations. Your response will be held in confidence and will not be identified in the report. We would appreciate receiving your response by February 4, 1982. Enclosed is a self-addressed, stamped envelope.

If you have further questions, please contact:

Carol Swiggum, Project Director (608)222-6853

Phyllis Schwebke, Home Ec Chairperson (608)266-5077

Helen Scheve, Home Ec Consultant WBVTAE (608)266-1700.

We appreciate your cooperation.

Sincerely,

Norman P. Mitby
District Director

ERIC

TASKS IN HOME FURNISHINGS RELATED OCCUPATIONS

Instruction Sheet

The questionnaire consists of two parts. The first part concerns information about yourself to help us determine the characteristics of people involved in these occupations. Please fill in the blanks completely. It is very important that blanks not be left empty. The information will, of course, remain confidential.

The second part of the questionnaire is in the form of a checklist. This list includes many tasks which might be part of the specific job. The list also includes tasks which one may never do. Please read each item very carefully before checking the appropriate column.

If you are performing the specific job (employee or self-employed) check tasks as they apply to you.

If you are an employer of a person in this occupation, check tasks you would expect the employee to perform.

- (1) Check column 1 if the task is one which you or employee never do in the job.
- (2) Check column 2 if the task is one which you or employee might do at least once a year in the job.
- (3) Check column 3 if the task is one which you or employee would do at least once a month in the job.
- (4) Check column 4 if the task is one which you or employee would do at least once a week in the job.
- (5) Check column 5 if the task is one which you or employee would do every day in the job.

It is important that you check every item on the list. At the end of the checklist, space is provided in which you may list tasks that are a part of your job which we may have omitted in our list; also indicate how often you do these tasks. It is very important to the study that each person identify the tasks he performs that we may have omitted.

Thank you for your time--your cooperation is appreciated.

SUGGESTED

CURRICULUM GUIDE

FOR

REFINISHING

TASK/COMPETENCIES TO BE ACHIEVED

REFINISHING OF FURNITURE

- I. Has a knowledge of furniture woods
- II. Has a knowledge of the most commonly used wood joins in furniture construction
- III. Has a fluent vocabulary of wood terminology
- IV. Is familiar with the physical properties of common woods
- V. Has a knowledge of history and chronology of furniture styles 1400's-1940
- VI. Has a working knowledge of wood finishing tools and materials
- VII. Has a thorough understanding of repairing and restoring furniture parts and surfaces
- VIII. Has a thorough knowledge of the basic finish coats and appropriate uses

I. 'Has a knowledge of furniture woods. \

1. Identify various furniture woods.

*Show film-Wood: Masterpiece of Creation #0269, 28 min. color film showing composition, section cuts, strength, differences of hard and soft woods. Audio Visual Instruction, Madison.

 Instructor uses actual wood samples to show various stain applications & identification of woods.

·Distinctions are made between "hard" and "soft" woods, their uses, advantages and disadvantages.

·RESOURJE, page 1.

RESOURCE, Figure 1-A, page 2.

•Students identify solid cuts as a rift, flat, and quartered.

Students identify veneer cuts of flat, quarter and rotary.

•RESOURCE, Figure 1-B, page 2.

• The students have a knowledge of book, block box, reversed box, diamond, reversed diamond, V match, and slide slip patterns.

· How film-Wood Work-Hand Tools: Wood <u>Joints</u> #7208. Demonstrates the tools and procedures in making Butt, Rabbet, Dado, Groove, Dowel & Half Lap joints. Audio Visual Instruction, Madison.

2. Recognize natural figures in wood.

3. Distinguish matching veneers.

Recognize and list common furniture joints:

II. Has a knowledge of the most commonly used wood joints in furniture construction.

II. Has a knowledge of the most commonly used wood joints in furniture construction (cont.)

- III. Has a fluent yocabulary of wood terminology.
- iv. Is familiar with the physical properties of common wads.

V. Has a knowledge of history and chronology of furniture styles - 1400's - 1940.

23

- 1. Use furniture refinishing terms when applicable.
- 1. Determine wood's physical properties for its effective usage.

1. Recognize basic period style features.

- ·Resorce, pp. 3 & 4
- Students learn to recognize various wood joints such as: Butt, Mitre, Shipway, Tongue-Grove, Housed Dovetail, Spline Grove, Fillet, Table, Doweled Mortise and Tenon.
- · Resource, pp. 5-7

- ·Show nim Industrial Arts: Knowing Woods and Their Uses #4360. 16 minute black and white film. Presents the classification and characteristics of woods to aid in the selection for specific needs. Explains the various types of sawing, mill processing, stock dimensions and measurements. Audio Visual Instruction, Madison.
- ·Resource, p. 8
- ·Students learn to recognize various period styles such as: Jacobean, William and Mary, Queen Anne, Chippendale, Federal, American Empire, Victorian, Eclectic, Early Frank Lloyd Wright, Art Noveau and Deco, and Contemporary.
- •Resource, p. 9 "Furniture Care" booklets and brochures Johnson Wax Consumer Education Center-Golden Rondelle, 14th & Franklin St., Racine, WI 53403.

VI. Has a working knowledge of wood finishing tools and materials.

- 2. Recognize various ornamentations which are used in various furniture styles.
- 1. Understand the proper use of sand papers of various qualities.
- 2. Use emory paper properly for the desired effect.
- 3. Use steel wool correctly.
- 4. Use electrical sanders correctly.
- 5. Use scrapers and putter knives correctly.
- 6. Understand function of tack cloth or rag.
- 7. Comprehend proper times for use of screw drivers, pliers, wrenches, hammers, pinchbar, nailset, etc.

- ·Resdurce, p. 10
- Demonstrate with coarse, medium, fine, extra fine sand paper and use of a sanding block.
- ·Show use of polishing tool.
- •Demonstrate as surface remover and smoother.
- ·Demonstrate orbital straight line sanders.
- ·Show use in removing old finishes.
- ·Showing how to remove sanding dust, steel wool particles and similar substances from sanded wood surfaces.
- Demonstrate use for setting exposed nail heads, repair damage, remove hardware and mouldings.
- · Resources
- "Wood Furniture" finishing, refinishing repairing James Brumbaugh.

VI. Has a working knowledge of wood finishing tools and materials. (cont.)

> 8. Become familiar with proper uses of glues and glue clamps for joining and gluing woods.

1. Examine frame and makes necessary repairs.

2. Use proper devices to correct surface defects.

"Furniture, Furniture Finishing, Decoration. and Patching" - Patton and Vaughn.

"Wood Finishing - Plain and Decorative" -F. N. Vander Walker.

·Show film or films. Wood Work - Hand Tools: Glues and Joints -#7208. Demonstrates the tools and procedures in making six joints: Butt, Rabbet, Dado, Groove, Dowel and Half Lap Joints -Audio Visual Instruction, Madison.

Industrial Arts: Joining and Gluing - #3710. 15 minute black and white film. Principles, procedures, and materials for joining and bluing wood together - Audio Visual Instruction, Madison.

- · Demonstrates making necessary frame repairs such as: regluing joints, replacing missing parts, repairing broken sections, repairing cracks and splits, correcting missing pieces of veneer, warping, and dry rot.
- Resource such as Chapter 6 Brumbaugh.
- •Demonstrates proper devices to correct surface defects such as: crazing, lifting, cracking, gouges, scratches, dents.
- ·Resource such as Chapter 6 Brumbaugh.

VII. Has a thorough understanding of

repairing and restoring furniture parts and surfaces.

 c_{0}

- VII. Has a thorough understanding of repairing and restoring furniture parts and surfaces. (cont.)
- 3. Use appropriate procedure to clean old surface

- 4. Understand and use a standard procedure for wood preparation, such as:
 - A. Identify the finish for proper cleaning preparation or removal selection.
 - B. Clean surface with cleaning agent that will not disolve the finish.
 - C. Examine cleaned surface and decides whether to remove it, restore it, or leave in present condition.
 - D. If stripping is necessary, old hardware is removed and stored safely.
 - E. Disassemble in most instances.
 - F. Apply the paint and varnish remover usually with old cleanbrush.

 Allow remover several minutes to react. Clean off with suitable lifter as putty knife and/or coarse

- Demonstrates how to clean old surface with use of mild soap and water, mineral oil, lemon oil, vinegar and water, turpentine, fine steel wool, pumice stone and water (or oil), rottenstone and water (or oil), naptha, turpentine and alcohol.
- •Students select an old piece of furniture to restore which has potential or monetary worth.

· Instructor will help evaluate this decision - if finish shows signs of brittleness, cracking, or poor adhesion, (lifting, peeling, etc.) it is best to remove it completely.

· Dictated generally by direction on container.

VII. Has a thorough understanding of repairing and restoring furniture parts and surfaces. (cont.)

steel wool. Mouldings and carvings can be cleaned with tooth-brush.

- G. When bulk has been lifted, wipe clean with cloths, then rub surface with a medium grade of steel wool and/or turpentine or:paint thinner.
- H. Use clean cloth saturated with turpentine and wipe entire surface.
- 5. Use procedures for correcting spots damaged by water, alcohol, ink, oil, milk and citris acids.
- 6. Use proper procedures and caution in use of wood bleaches.
- 7. Know and use appropriate stains to give wood special color, hues and shades to accentuate grain patterns or imitate expensive woods.

 Discretion should be used on final steps varying with chemicals used.

· Instructor advises uses of:

-Sodium Hypochlorite (Clorox)

~Peroxide

-Oxalic Acid

• Instructor advises proper use and ultimate aim in use of:

. Penetrating oil stains

-Pigmented oil stains

-Varnish stain

-Water soluble dyes

-Alcohol soluble dyes

-Stain sealer

35

ERIC Frovided by ERIC

3.1

VII. Has a thorough understanding of repairing and restoring furniture parts and surfaces. (cont.)

Has a thorough knowledge of the

basic finish coats and appro-

priate uses.

36

8. Understand need and functions of sealers.

1. Understand when to use the various finishes.

2. Understand and use the proper procedures when applying finish coats.

Industrial Arts: Wood Finishing - #3678,

14 minute black & white film - demonstrates and explains the principles and procedures for finishing furniture and other articles made of wood. Discusses preparing the surface, use of paints, stains fillers, shellac, lacquers, varnish, rub-on finishes, and fina waxing.

Audio Visual Instruction, Univ. of William

Audio Visual Instruction, Univ. of WI =

- · Instructor explains need for sealers.
- · Manufacturer's procedures are followed.
- · Instructor gives pros and cons of various finishes and when they are most likely to be used.
- Demonstrates the proper procedures when applying:
- -shellac
- -varnish
- -lacquer
- -paint and enamel
- -oil and wax
- -rubbing, waxing and polishing
- -antiquing and glazing
- -gilding and bronzing
- -decorating furniture
- -epoxies and the new polyurethane finishes
- *Use Resources such as:
 "Wood Furniture" Brumbaugh.

SUGGESTED

CURRICULUM GUIDE

FOR

REUPHOLSTERING

TASKS/COMPETENCIES TO BE ACHIEVED

REUPHOLSTERING OF FURNITURE

- I. Comprehends reupholstering terminology
- II. Has a knowledge of customer relations
- III. Prepares the furniture frame for reuphoistering
- IV. Plans, cuts, and installs final covers
- V. Has knowledge of woven seat procedures
- VI. Inspects finished upholstery for accuracy

3.

ERIC Provided by ERIC

Comprehends reupholstering terminology

I. has a knowledge of customer

relations

1. Recognize and use various reuphoistering terms.

2. Recognize and understand the uses for reupholstering:

- -materials
- -supplies
- -equipment

1. Advise customer in choosing the appropriate color and type of fabric.

2. Itemize the cost of the reupholstering project for the customer.

• The students are acquainted with upholstery vocabulary by using a list of upholstery terms and examples.

·RESOURCE, pages 11-17;

· Display and domonstrate uses of reupholstering:

- ·-materials
- -supplies
- -tools
- -equipment

·RESOURCE, pages 18-22

·Students learn the characteristics of various fabrics such as:

- -durability
- -oleanability
- -color fastness
- -fiber content

·RESOURCE, pages 23-25.

• The students practice choosing appropriate fabrics for appropriate periods of furniture, refer to page

Students prepare a sample book of decorative fabrics used in upholstering.

• RESOURCE, page 26. The students learn to estimate yardage for various furniture styles.

والغ

ERIC Full Text Provided by ERIC

II. Has a knowledge of customer relations (cont)

3

1. Remove old covering from furniture

• The students practice calculating the cost of yardage.

•Students practice calculating the cost of

· The students learn to estimate the cost of

- The students are shown how to remove an old covering.
- RESOURCE, pages 27-28.

various projects.

- Prepares the furniture frame for reupholstering
- Examine broken or damaged furniture to determine extent of repairs required.
 - a) Repair furniture frame.

- · Demonstrates procedures for:
- -regluing joints

lebor.

- -replacing missing pieces
- -repairing cracks and splits Refer to page
- b) Repair furniture surface defects
 - 1) restore surface with suitable cleaning preparations

 $\dot{\mathbf{or}}$

- 2) restore surface by refinishing old finish
- •Students are shown examples of surface defects.
- ·Students are shown how to decide whether to clean the surface or to refinish the surface.

42

- III. Prepares the furniture frame for reupholstering (cont)
- 2. Examine broken or damaged furniture to determine extent of repairs required (cont)

3. Install webbing springs & padding

1. Measure, mark, and cut new covers.

- ·Demonstrates procedures for repairing:
- -crazing
- -cracking
- -lifting
- -gouges
- -scratches and dents
- ·Refer to refinishing section
- · Demonstrates the uses and installation of webbing, springs, padding, burlap and edge rolls.
- ·RESOURCE, pp. 29-44
- Each student designs and assembles a stool, choosing either a padded only design or one with webbed and spring construction.
- · Use resource such as <u>Upholstering Methods</u> by Zimmerman.
- ·Students practice measuring in inches, feet and yards.
- · Demonstrates various cutting procedures:
- -by measuring
- -by using small scale drawing
- -new pieces from the old pieces
- -pinning and marking

45

4.,

covers

IV. Plans, cuts, and installs final

IV.	Plans,	cuts,	and	installs	final
	covers	. (CO	at)	•	

- 2. Arrange steps in the order to be followed when attaching the fabric to the furniture.
- 3. Sew and install final cover.

- Students learn the most common sequence for installing the final cover.
- Resource demonstrates procedures for the following:
- -machine sewn seams
- -attaching stitches
- -welting strips (cording)
- ~corners
- -box and tailored pleats
- -blind stitching
- -blind tack strip
- RESOURCE, pp. 45-46
- Students refer to resources such as <u>Uphol</u>stering Methods by Zimmerman, Chapter 8.

4. Measure and sew cushions.

- Student is acquainted with the various cushion shapes:
- -round
- -square
- -rectangular
- -T-shape
- -half T
- -irregular
- Demonstrates procedures in:
- -marking and cutting
- -cutting foam
- -loose-filled
- -zippers
- -reversible cushion
- -compartmented casings
- -semi-detached back cushions

Ϋ́

iv. Plans, cuts and installs final covers. (cont)

5. Understand procedures for buttons, channeling and tufting.

V. Has knowledge of woven seat procedures

43

T. Inspects finished upholstery for accuracy.

1. Develop proficiencies in:

a: Cane Seating

6 way pattern

- 4 way pattern shaped cane backs close caning
- b. Rush seating rectangular shaped Scandinavian
- c. Willow
- d. Cord seating
- e. Sea Grasu
- 1. Inspect furniture before delivery to customer.

*Use resource such as <u>Upholstering Methods</u> by Zimmerman.

· Demonstrates channeling:

- -laying out as separate unit
- -making channels
- -assembling channels
- -stuffing channels
- -alternate channel construction
- -laying out tapered channels
- -installing channeled covers

Demonstrates tufting - methods:

- -individual pockets
- -tufting a completely padded surface
- -tufting vinyl plastics

• Use Resource such as "Cane Rush and Straw", by Yvonne Deutch

- Examples are shown of various types of woven seat procedures.
- · Use Resources such as: "Cane and Rush Seating" - Margery Brown. The Larousse Craft Series.
- · Use Resources such as: "Chair Caning" 43
 Garden Way. Bulletin A-16.
